

CITY OF LEMON GROVE

"Best Climate on Earth"

OFFICE OF THE MAYOR

April 2020

Lemon Grove Community

During this critical time, so many of our employees have shown the City of Lemon Grove a lot of love, gratitude and support by working to ensure essential services continue to operate. We are grateful for your commitment to our community and truly could not do this without you. Thank you.

Every City in the county has Coronavirus cases, let us work to keep our numbers down in the City of Lemon Grove. I want to thank each and every employee and each and every resident living in the City for taking the necessary steps to slow the spread of COVID-19, your efforts are working. In this moment, the best defense we have in protecting each other is maintaining a sincere commitment to wearing face masks, social distancing, using hand sanitizer and regular hand washing.

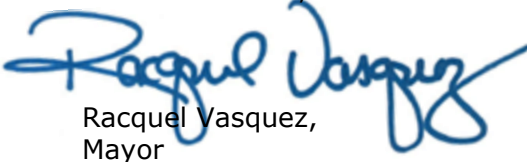

As a City, our priorities are to protect public health while maintain the essential services that residents depend on to live their daily lives. While we all are stepping up to care for each other in extraordinary ways, my colleagues and I are laser-focused on supporting the recovery of our community, both socially and economically, with a sincere commitment to reopening Lemon Grove businesses according to the guidelines set forth by the County of San Diego Health and Human Services Agency.

Again, thank you for all that you have done—and want to do—to maintain the health and well-being of our City. While these are challenging times, we know that navigating a situation like this is not easy. But if we continue to follow the Federal, State and County guidelines, we will flatten the curve to bring life back to normal.

Please stay positive and be kind to each other. Keep social distancing. Call your neighbors, family and friends. Unplug sometimes and stay at home. The power is in our hands and when we get through this, we will be stronger and better together.
